(314) 698-8668 | kmgoldfarb@gmail.com | [kevingoldfarb.com](http://kevingoldfarb.com) | [github.com/kmgoldfarb](https://github.com/kmgoldfarb)

## SUMMARY

A self-taught, quick to learn, and driven developer with substantive front-end and back-end experience. Passionate about building solutions that are creative, functional, and interactive. Transitioning from a communications background into a development role.

## SKILLS AND PROFICIENCIES

- Front-end: JavaScript, React, NextJS, CSS, HTML
- Back-end: Node.js, Express, GraphQL
- Database: MongoDB, Firebase Databases
- Deployment: Git, Firebase, Heroku, Netlify, Linux
- Design and Adobe Creative Cloud

## PROJECTS

### Everyday Notes

[everydaynotes.net](http://everydaynotes.net)

React + Node + Express + MongoDB

A full stack project that allows users to chronicle their daily thoughts and upload images attached to journal entries. Integrated Firebase Authentication, used Node and Express to build the API, and deployed the server to a Linux machine.

### Writing Portfolio

[daniellagoldfarb.com](http://daniellagoldfarb.com)

React + GraphQL + GraphCMS

A writing portfolio site for scholars and students that allows them to publish their own content and biography using a headless CMS. Utilizes GraphQL queries to fetch appropriate content and author information.

### Know Your Democracy

[knowyourdemocracy.com](http://knowyourdemocracy.com)

React + Google Civic API + Google Places API

A website that allows residents of the United States to input their address and see who represents them in government, as well as any upcoming elections near them. Learned how to implement Google Autocomplete to allow for easy user entry of their address.

## PROFESSIONAL EXPERIENCE

### Communications Specialist

September 2018 - September 2021

Duke University | Durham, N.C.

Participated in re-design of website, and managed the website using Drupal. Collaborated with colleagues on a variety of design and communications projects, and led them from inception to delivery.

### Designer & Photographer

May 2015 - July 2018

Fairfax Community Church | Fairfax, VA

Planned and managed the communications calendar, designed print and digital materials, and worked as part of a team to build a cohesive brand. Oversaw the website using Wordpress.

## EDUCATION

American University | Washington, D.C.

Bachelor of Arts, 2014

Film & Media Arts and Political Science
